

LexFarm

ABC's

This book is a product of a year-long partnership
between LexFarm and New Covenant School's
2012-13 Kindergarten class.

This book is dedicated with love and gratitude to our friends at LexFarm. Thank you for spending time with us this year and inviting us to learn all about plants and animals. We had a wonderful year “growing” with you!

Our LexFarm Alphabet

A.....asparagus

N.....Naya
